

Palm City Chamber – President’s Message

Summer 2019 has arrived as we all enjoy the outdoors both locally and out of state. We are fortunate to be able to make choices and travel freely; for which we have our veterans to thank. Our country recently celebrated the 75th anniversary of D-Day and the Battle of Normandy. With the July 4th celebration approaching, I would like to thank Martin County and our County Commissioner for the magnificent display of American Flags flying on the Veterans Bridge during patriotic holidays. Please keep all of our service members in your good thoughts.

The Chamber membership looks forward to participating in September’s Honor Flight. We have established our Chamber door decal program with an achievable goal of 20 social media posts a month engaging the community. Once we achieve the goal, Recovery Insurance Adjusters will deliver scholarships to our members to act as guardians for the Honor Flight program; which flies our Veterans to Washington, DC for the day to visit their respective Memorials and honor their service to our country. Chamber members have done a great job with our social media posts at local businesses; and we look forward to continued participation throughout the summer.

Palm City is a special place we all discovered and decided to make our home. Keeping the feel of the great community we share, I ask you to consider becoming involved and doing your part. Know your neighbors, support local business and road safety.

- 1.) Spend time getting to know your neighbors. Using your eyes and ears and reporting any suspicious activity to the Martin County Sheriff’s office. Help to keep our community safe!
- 2.) Dine out and support your local businesses. Introduce yourself to the owners. They appreciate feedback on their delivery of services. If you happen to see a Palm City Chamber door decal, thank them for supporting the business community. Staff always appreciate a public posting on social media for a job well done.
- 3.) Vehicle traffic and courtesy. Our Chamber leadership recently visited the Traffic Control room located at the Airport. An amazing system in place to ensure that we have a safe traffic pattern and community. We can also do our part without exclusively relying on traffic lights and signs...yes, by practicing common courtesy and awareness. Slow down as we still have children playing, riding bikes and going to summer camps. A smile and a wave is always a nice way to keep Palm City and Martin County the great place we chose to live and work. Be part of the solution.

The Palm City Chamber of Commerce and I invite you to be our guest at a Chamber event to investigate the benefits of becoming a member of the Palm City Chamber and supporting our community. Please call the Chamber office to reserve your place at an upcoming Monthly Chamber Breakfast, Lunch and Learn or Business After Hours event. Check our social media and website for more information about the Chamber and our calendar of events.
